

Project title : DOHACI - Technical assistance to Ivory Coast for the implementation of the WTO agreements and the negotiation of the Doha Round

Project place	Project cost	Role in the project	Technical and financial sponsors	Dates
Côte d'Ivoire	45 000 €	Coordinator & Technical Expert	EU - European Union	January 2006 - December 2006

Project's goals and results

Main goals

Strengthen Ivory Coast's capacity to implement WTO agreements (member since 1995) and facilitate its participation in multilateral trade negotiations.

Specific objectives

- Strengthen the institutional capacity of Ivory Coast to implement and negotiate WTO agreements through the training of trainers (Ministries and University), which will immediately transmit the expertise to relevant institutions and economic operators.
- Achieve concrete results, by boosting private public dialogue, on the implementation of existing WTO agreements (reform roadmap and implementation timetable) and negotiations of future agreements (proposals for positions and specific commitments).
- Strengthen the capacity of Ivorian economic interests to express themselves in Geneva.

Beneficiaries

Republic of Côte d'Ivoire - Ministry of Trade - Directorate of Economic Organizations and Trade Expansion (Foreign Trade)

Results
