

Project title : EUACP - Strengthening civil society in the sugar and agrofuels sector in Africa and helping to understand the issues with Europe

Project place	Project cost	Role in the project	Technical and financial sponsors	Dates
Benin, Burkina Faso, Central African Republic, Côte d'Ivoire, Mali, Senegal, Chad, Togo	20 000 €	Value Chain Expert	FPH - The Charles Léopold Mayer Foundation for the Progress of Humankind	September 2007 - May 2008

Project's goals and results

Main goals

- Identify the different stakeholders in the sugar value chain (companies, producers, institutions).
- Identify the issues of regional companies
- Search for opportunities for meetings between the various actors aiming at sustainable development
- Change the sectors towards greater ecological and social sustainability in Africa

Specific objectives

Study and dissemination of sheets on:

- Corporate Social Responsibility in the field of agrofuels in Africa
- Strategic watch
- The link with Europe and Brazil
- Good management practices by African companies
- The general situation in Africa
