Project place	Project cost	Role in the project	Technical and financial sponsors	Dates
Burkina Faso	7 500 €	Expertise technical assistance sesame sector	SIDI - Solidarité internationale pour le développement et l'investissement, Groupe WAKA	May 2015 - November 2015

Project's goals and results

Main goals

The Waka group - a sesame exporter - has requested support to farmers' sesame organizations to ensure that the supply is sufficient and growing, of good quality and that the bargaining capacity is optimized. That's why technical assistance is requested from Nitidæ by Waka, with the support of FEFISOL, a SIDI program, to strengthen the capacities of producers

Specific objectives

- Strengthen the skills of sesame producers in controlling the technical production route to increase yields
- Strengthen the skills of producers in controlling the quality of sesame
- Strengthen the capacity of producers on access to information and control over the operation of the sesame market to improve business links in the WA group
- Strengthen the capacity of the group's processing units to keep their accounting

Beneficiaries

WAKA Group of Sesame Exporters in Burkina Faso
