Project's goals and results

Main goals

The Ecocajou project (2019-2026) was developed by Away4Africa and Ecookim Coop-Ca. The aim of the project is to contribute to a competitive and inclusive cashew sector in Kabadougou (north of Côte d'Ivoire) and to create added value, 1000 permanent jobs and a stable income for 3300 producers, processors and service providers.

Specific objectives

The objective of the mission is to carry out a mid-term evaluation of the project, under the supervision of Away4Africa, more precisely:
SO1. Provide insight into the effectiveness, impact and sustainability of interventions, from project start to finish
OS2. Based on these results, provide concrete and well-supported recommendations to all partners to ensure the sustainability of the project results after the end of the project
