Specific objectives

The main objectives of the accompanied self-evaluation are to provide agri-agencies, AFD and implementing partners with an overall assessment of project performance and formulate lessons and recommendations, and in particular:

- SO1.** Assess the results of the project and its impact on strengthening the technical and organizational capacities of POs, to understand the institutional and political environment, to influence public policies and to evaluate knowledge capitalization initiatives
- SO2.** Evaluate the functioning of the project with regard to its coordination and the processes of exchanges, monitoring-evaluation and capitalization between the agri-agencies involved
- SO3.** Evaluate the integration in the project of cross-cutting issues of gender, youth and climate change
