

Project title : SENESAME - Support of sesame producer organizations for a conversion to Organic Agriculture in Senegal

Project place	Project cost	Role in the project	Technical and financial sponsors	Dates
Senegal	15 000 €	Sesame and certification expertise	J Rouanet Fils et Cie, Inspire Sénégal	January 2021 - June 2021

Project's goals and results

Main goals

Technical assistance to an export company for the conversion of cooperatives for 18 tons of sesame in Organic Agriculture from Senegal

Specific objectives

SO1. Analysis of the situation of the 3 cooperatives grouping 1000 sesame producers in Casamance and carry out a diagnosis for organic conversion

SO2. Evaluate the feasibility, the level of effort and establish an action plan to fill the 'gap' between current practices and those required by Organic Agriculture

SO3. Identify the relevant rotations, both to limit the risks and commercially promote all the products of the organic rotation

SO4. Technical assistance for the implementation of the conversion action plan (internal organization, ICS, technical itinerary, documentation, help in lifting non-compliance, mock audit, etc.)

SO5. Train the company's team to transfer skills to support and maintain certification
