

Resume

1. **Family name** Grinand
2. **First name** Clovis
3. **Date of birth** 10/2/83
4. **Nationality** France
5. **Civil status**
6. **Education**

Years	Institution	Degree(s) or Diploma(s) obtained
2009-2010	AgroParisTech, Engref et SupAgro	Master of Advanced Studies in GIS for Landscape Management
2004-2006	University of Orléans	Master in Geology, Soil and Remote Sensing
2003-2004	University of Greenwich, UK	Bachelor of Science in Geology, Environment and GIS
2001-2003	University of Saint Etienne	University of Technology Diploma in Environment
2001	Lycée de l'Albanais, Rumilly, 74	Scientific French Baccalaureate - with Merits

7. Language skills

Language	Reading	Speaking	Writing
French	1	1	1
English	1	1	1
Spanish	1	3	3
Portuguese	3	3	3
Malagasy	5	5	5

8. Member of a professional organization

9. **Current position** Project Manager / France

10. **Years of experience** 18 years

11. Key qualifications

Research and development

- Development of innovative tools and methodology, quality control and accuracy assessment, capacity building, peer-review journal publication

Field of expertise

- Implementation of environmental studies involving soil science, forestry, agronomy, hydrology and earth observation expertise, from landscape to national scale.

Technical skills

- Ability to use a large panel of software within the domain of GIS, Database Management, Remote Sensing and Spatial Modelling.

Project management

- Implementation of Landscape Management project, technical and financial proposal, multi stakeholder discussion, monitoring and reporting

12. Professional experience

Dates	Location	Company	Position	Description

Since February 2013	France (Paris-Montpellier)	NITIDAE (ex-ETC TERRA) (Ref : Matthieu Tiberghien) & IRD (Ref : Martial Bernoux)	Project Manager - PhD Student IRD	<p>Project Manager – Etc Terra association / Nitidae</p> <p>Involved in various projects implemented by the Etc Terra association (www.etcterra.org) as an environmentalist and geographer expert:</p> <ul style="list-style-type: none"> Implementation of environmental studies in different development countries. At landscape scale focusing on soil, forest and water impact assessment Setting up the research and innovation laboratory within the association (Etc Lab') Designing measuring and monitoring framework and indicators using field inventory, geo-information system and remote sensing techniques Training courses ranging from field biomass and soil inventory, GIS basics or advanced techniques, remote sensing and modelling <p>PhD with IRD and CIRAD (CIFRE, 2013-2016)</p> <ul style="list-style-type: none"> Title of the thesis : <i>Monitoring and modeling land use change and carbon stocks in soil and biomass in the REDD+ context in Madagascar. Towards locally relevant and globally coherent measurements.</i> Three main issues are addressed in three articles (see publications): <ul style="list-style-type: none"> Estimating historical small scale deforestation due to slash and burn practices Measuring and monitoring soil organic carbon from plot to regional scale Spatially explicit forecast of deforestation, degradation and regeneration for the two next decades
May 2012 to February 2013	France (Paris)	Etc Terra	Consultant & Etc Terra collaborator	<ul style="list-style-type: none"> Development of a deforestation mapping method using remote sensing techniques Webmapping platform development Implementation of environmental studies <i>Funding: Action Carbon Program, Air France</i>
May 2011 to May 2012	France (Paris) and Madagascar (Antananarivo)	Goodplanet (Ref: Matthieu Tiberghien)	Mission officer in GIS, Soil and Remote Sensing	<p>Development of the reference emission level of a REDD+ pilot project</p> <ul style="list-style-type: none"> Definition and monitoring of socio-economic studies, photo-interpretation and modelling of the baseline and soil carbon losses. Technical expertise in land cover change map quality assessment. Training in GIS and Remote Sensing Development of the project database management system and the geoportal web interface for project data visualisation and sharing. <i>Funding: Action Carbon Program, Air France</i>
February to May 2011	France (Montpellier)	Self-employed	Remote sensing Consultant	<p>Detection of historical deforestation using remote sensing</p> <ul style="list-style-type: none"> Realisation of a wall to wall remote sensing study for three date over 7 million hectares of project reference area. <i>Funding WWF-GP</i>
May to November 2011	France (Montpellier)	IRD (Ref : Martial Bernoux, Alain Albrecht)	Engineer	<p>Soil carbon stock inventory and mapping at regional scale</p> <ul style="list-style-type: none"> Realisation of the soil carbon stock mapping tools using remote sensing images and field soil survey and measurements. <i>Funding WWF-GP-IRD-CNRS</i>
July to October 2010	France (Montpellier)	IRD (Ref : Martial Bernoux, Alain Albrecht)	Engineer	<p>Statistical modelling</p> <ul style="list-style-type: none"> Comparative study of statistical model for predicting soil properties using infra red soil spectrometer. Research collaboration with national research institute (IRD and INRA). <i>Funding : Programme Gessol, MEDD</i>
July 2007 to May 2009	Madagascar (Antananarivo)	IRD (Ref : Martial Bernoux, Alain Albrecht)	Engineer	<p>International Volunteer Mission in Madagascar</p> <ul style="list-style-type: none"> Supervision of VALSOL project "Pilotage project Valsol (Digitalisation of old soil map, soil database management, thematic analysis). Technical assistant in a PhD on soil and biomass carbon stocks modelling and mapping for coppice eucalyptus plot at county scale Land cover mapping using remote sensing GIS Training for staff International scientific publication <i>Funding: IRD</i>
May to November 2006	France (Orléans)	INRA (Dominique Arrouays)	Engineer	<p>Development of a soil-landscape mapping approach</p> <ul style="list-style-type: none"> Comparative study of recent approaches and proposal of a specific tool based on old map and multi source spatial dataset. International scientific publication. <i>Funding: INRA, Program IGCS</i>

SPECIFIC EXPERIENCES

May 2017, Sep 2017, Nov 2017, May 2018	Mozambique	Co-Team Leader, Program LAUREL (World Bank) Land Use Planning for Enhanced Resilience of Landscapes Mozambique
Dec 2012, Dec 2014, May 2017, Sept 2017, Dec 2017	Mozambique	Feasibility study (Reserve National do Gilé Project), support and project monitoring mission (Reserva National do Gilé Project)
Jan 2007, May 2009, Aug 2011, May 2012, Ap 2013, Sept 2013, Ap 2014, Oct 2014, Mar 2015, Oct 2015, March 2016, Oct 2016, March 2017, Nov 2017, March 2018	Madagascar	Project monitoring, technical support, research activities (projects : PHCF, PERRFH, MAHAVOTRA, KOLORANO)
July 2015, June 2016	Laos	Support and project monitoring mission (Vienghram, FORAE project)
March 2013, May 2015	Senegal	Support and project monitoring mission (Sine Saloum, Keur Sambel project)
September 2013, May 2014	Haïti	Support and project monitoring mission (Cap Haïtien, PAD NORD project).
December 2013, June 2014	Democratic Republic of Congo	Support and project monitoring mission (Bas Congo, APROFIL Project)
July 2011	Rwanda	WHRC Conference and forest inventory and training mission
September 2003 to July 2004	UK	Education and professional internship
